

2021 Thursday Morning Men's Golf League

Sequence of events, timing and contacts

Sign-up email

On Thursday afternoon, one week prior to play, the Men's league will send out a "sign-up" email with a link to sign up for next week's play. Click on the link . enter your first and last name in the boxes provided AND go to the drop down box of names and click on your name. Click on the box to indicate "yes" you want to play, enter tee time preference "early, middle, late" and any comments such as "walking".

The sign up email window closes at 9am the following Monday.

Pairings email

The pairings email is sent via the League email opgcmensgolfleague@gmail.com late Monday morning to all active members. You have until 7pm Tuesday evening to make changes via email back to the league (not the Pro Shop).

Pairings, scorecards, waitlists

The pairings, scorecards and wait list are transmitted to the Pro Shop Tuesday evening. There is a possibility that we would have more people signed up compared with available tee times. The sign up is a first come first served basis. Those who sign up late go on the wait list and are worked into the pairings if and when we get cancellations or additional tee times.

Winners results email

The Thursday Men's League winners are normally announced within 2 hours after the final group turns in their scorecard to a Board member in Club 27 (not the Pro Shop). Individual and team winnings are credited to your account in the Pro Shop.

Skins Game results

The Skins Games results are worked on after the winners results and take more time to complete. Most of the time the email goes out that evening but if we play SKINS on 18 holes the email may go out the following day. The SKINS winners are paid in cash the following week in Club 27 by a Board member. If you don't play the following week the cash will be given out the next time you play.
